

Christian Alexandra, Stay With Me

Hey girl, love is not a game for me
Can't you see ? baby you're the one for me
cause you don't know my heart
Can't you feel ? baby you're my destiny
cause you don't know my love
if I give you everything
there's a place for me and you
oh babe ? we're more, we're more than two
Oh darling, stay with me
I promise all my heart to you
oh darling, can't you see
what a real love can do
Oh baby, stay with me
and maybe it's forever, girl
just close your eyes for me
I show you a better world
I miss you so ? baby give me one more try
cause you are the love of my life
can't let you go ? baby I believe I'll fly
cause our love will survive
you are like a kiss from a rose
there's a way for us to go
and our love will grow
Oh darling, stay with me
I promise all my heart to you
oh darling, can't you see
what a real love can do
Oh baby, stay with me
and maybe it's forever, girl
just close your eyes for me
I show you a better world
Baby, love is not a game for me
oh can't you see, you're in my heart
stay with me
I promise all my heart to you
oh darling, can't you see
what a real love can do
Oh baby, stay with me
and maybe it's forever, girl
just close your eyes for me
I show you a better world
Your in my heart
stay with me
I promise all my heart to you
oh darling, can't you see
what a real love can do
Oh baby, stay with me
and maybe it's forever, girl
just close your eyes for me
I show you a better world
