

# Christian Alexandra, Stay With Me

Hey girl, love is not a game for me  
Can't you see ? baby you're the one for me  
cause you don't know my heart  
Can't you feel ? baby you're my destiny  
cause you don't know my love  
if I give you everything  
there's a place for me and you  
oh babe ? we're more, we're more than two  
Oh darling, stay with me  
I promise all my heart to you  
oh darling, can't you see  
what a real love can do  
Oh baby, stay with me  
and maybe it's forever, girl  
just close your eyes for me  
I show you a better world  
I miss you so ? baby give me one more try  
cause you are the love of my life  
can't let you go ? baby I believe I'll fly  
cause our love will survive  
you are like a kiss from a rose  
there's a way for us to go  
and our love will grow  
Oh darling, stay with me  
I promise all my heart to you  
oh darling, can't you see  
what a real love can do  
Oh baby, stay with me  
and maybe it's forever, girl  
just close your eyes for me  
I show you a better world  
Baby, love is not a game for me  
oh can't you see, you're in my heart  
stay with me  
I promise all my heart to you  
oh darling, can't you see  
what a real love can do  
Oh baby, stay with me  
and maybe it's forever, girl  
just close your eyes for me  
I show you a better world  
Your in my heart  
stay with me  
I promise all my heart to you  
oh darling, can't you see  
what a real love can do  
Oh baby, stay with me  
and maybe it's forever, girl  
just close your eyes for me  
I show you a better world
