

# Christian Chavez, Tu amor

Mi amor I'm not sure of the right words to say  
Maybe these simple words will do best to best explain  
What I feel in my heart  
What I feel more each day  
How to make you see  
How to let you know  
How to say how to say how I love you so  
With words you understand  
Words that get right through to your heart  
Here's the place to start

{CORO}

Tu amor, I will always be  
Tu amor, means the world to me  
Estars siempre en mi coraz&oacute;n  
You're the one in my soul  
And I live for tu amor, tu amor.  
Mi amor love you more with each look in your eyes  
Maybe these simple words will do best to best describe  
What I feel in my heart  
What I'll feel for all time  
How to make you see  
How to let you know  
How to say how to say how I need you so  
With words you understand  
Words that get through to your soul  
Words that let you now

{CORO}

You're the one that  
I need in my arms  
Believe me these words  
I say are words that come straight from my heart  
How do I make you believe  
Nothing else means as much as what you mean to me
