

Christina Aguilera, Genie In A Bottle (Hooker On

(I'm a hoeeee .. yes I am, baby)
I was working late
I was up the night
Waiting for someone to do me right
Waiting for someone
to pay me
You've probably seen me everywhere
I don't even wear clean underwear
My pimp doesn't care (my pimp doesn't care...)
I'm a hoe...
My pimp says: work bitch!
Hoe...
If you wanna freak with me
Baby there's a price to pay
I'm a hooker on the corner
You gotta pay me the right way
If you wanna freak with me
Baby there's a price to pay
You might get a bad case of shingles
or a bad case of STD's
(last verse)
I'm a hooker on the corner baby
Come, come,
Come and pick me up
X-tina is a carbon-copied mindless MTV idiot.
She's almost as lame as the channel itself.
