Christina Aguilera, Mi Reflejo (English)

to you what you see of me is reality but you don't know the role that life makes me play being like this i can fool my outer world but never to my heart today i didn't recognize who i saw in front of me my reflection didn't show who i am in truth one more day that my heart has to hide all of my feelings at the end they'll know who i am what i really think that day will arrive, ohh oh today i didn't recognize who i saw in front of me that in my reflection iknow i'm not i don't want to pretend i want to be reality my reflection didn't show who i am in truth and my heart wants to feel, to fly i'm not how i want no and i'm going to change it doesn't have to be like this to pretend is not to live the one i see in front of me can't take anymore i'm not going to hide the one i am anymore one good day, love will rescue me and that day who i am will be reflected
