## Christina Aguilera, Outta Town

Im still young, gettin older by the minute

Reachin out the millions, believe it

I work hard, I work fast

Im gonna take it to the top and Im gonna laugh

I know what Ive got so stop

Knockin at my wagon, coz Im blowin up spots

Been wherever I go, you know I get mad love

Pre Chorus:

To the east to the west

To the north and the south

They know A.C. and they know I get down

To the east to the west

To the north and the south

Keep my feet on the ground and they know that

Chorus:

Ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town

Coz ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town

Im not the type of guy to show off for attention

About the fancy cars and jewels

But let me mention

Girls cant get enough of me

Record company lovin me

Jealousy from all off the guys?

Hmmmm, probably

But that wont get in my way

It aint stoppin me

Always reach for the top, thats how its gotta be

Dont worry bout the people that, hmmm, take a pop of me

So on with the show, hit the road here we go

Pre Chorus:

To the east to the west

To the north and the south

They know A.C. and they know I get down

To the east to the west

To the north and the south

Keep my feet on the ground and they know that

Chorus:

Ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town

Coz ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town

Now wait, people wanna know about the way I live

And do my biz

This bright young kid works hard just to make these hits

But never the less, they try to attack me

Just to male me react

But Spectras got my back

So come on coz were strong

My labels got the ball rollin, they come correct

From hip hop to pop, go look and check

Pre Chorus:

To the east to the west

To the north and the south

They know A.C. and they know I get down

To the east to the west

To the north and the south

Keep my feet on the ground and they know that

Chorus:

Ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town

Coz ya dont see me braggin

But then you wanna come and take a knock at my wagon

Giddy up, giddy up

And hold up, take a look around

Then roll out, roll outta town
