

Christina Grimmie, Get Yourself Together

Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.
Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.

Girl he did you wrong now you're all alone, all alone.
Tellin' all our friends that You never saw it comin' on.
Everyone could see what a creep, What a creep he was.
How could you believe all his cheap talk? That's dangerous.
Eye for an eye for every lie he ever told ya.(He ever told ya)
Go make it right for every time he never called ya.(He never called ya)
Don't you know You got it all, And You deserve more.(Yeah)

Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.
Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.

Girl he's such a fake, little snake, What'd ya think he was.
Don't You hear the hiss in hiss kiss, Girl he's poisonous.
Everyone could see what a fool, What a fool he was.
You were wrecked and weak, So intrigued, That's ridiculous.
Eye for an eye for every lie he ever told ya.(He ever told ya)
Go make it right for every time he never called ya.(He never called ya)
Don't you know You got it all, And You deserve more.(Yeah)

Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.
Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.

Dirty, Dirty, Dirty little Liar!
Dirty, Dirty, Dirty little... (2x)

Oh, No good, Star taking, Heart breaking, Bottomfeeder, Oh.
Eye for an eye for every lie... (He ever told ya)
Go make it right for every time... (He never called ya)
Don't You know You got it all, And you deserve more.(yeah)

Eye for an eye for every lie he ever told ya.(He ever told ya)
Go make it right for every time he never called ya.(He never called ya)
Don't you know You got it all, And You deserve more.(Yeah)

Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.
Get yourself, Get yourself together now.
Go get yourself, Get yourself together now.
