

Christy Nockels, My Master

The day You heard my plea You looked right through me
You saw the pit I was in, You came and pulled me out
You set my feet upon a rock and put a new song in my mouth
Then You called me Your own and I'm never turning back
I love my Master, I will not go free
I take Your name and live in liberty
My life is Yours forever, I'll serve You faithfully
I love my Master, I will not go free
You're a love I've never known and Your faithfulness has shown
No matter what I'm about You always find me out
And You lovingly remain age to age the same
And for all of my days I will tell of Your ways, Your mighty ways
I love my Master, I will not go free
I take Your name and live in liberty
And my life is Yours forever, I'll serve You faithfully
I love my Master, I will not go free, I will not go free
Covenant keeper You are, You are
Merciful kindness You are, You are
Passionate Father You are, You are
Lifefood redeemer You are, You are
I love my Master, I will not go free
I take Your name and live in liberty
And my life is Yours forever, I'll serve You faithfully
I love my Master, I will not go free
