

CHVRCHES, Gun

You had better run from me
with everything you own
cause I am gonna come for you
with all that I have

I am gonna break you down
to tiny, tiny parts
I never believed
but I see it now
I'm learning your lesson, I'm learning your lesson

Did it make you feel so clever?
did you wear it on your sleeve?
did you see another picture?
where I was not a part so far entwined

there's no other way
never run far
take a good swing at me
and everything is even
so finally, we agree
no place for promises here
you better run, you better run so
I, I, I have burned your bridges
now I'll be a gun
and it's you I'll come for
I, I, have never felt so easy
I will be a gun

who are you to tell me how
to keep myself afloat?
I tread the water all the while
you stuck in the knife
that you held at my back

did it make you feel so clever?
did you wear it on your sleeve?
did you see another lifetime?
where I was not a part so far entwined

there's no other way
never run far
take a good swing at me
and everything is even
so finally, we agree
no place for promises here
you better run, you better run so
I, I, I have burned your bridges
I will be a gun
and it's you I'll come for
I, I, have never felt so easy
I will be a gun

there's no other way
never run far
take a good swing at me
and everything is even
so finally, we agree
no place for promises here
you better run, you better run so
I, I, I, have burned your bridges
I will be a gun
and it's you I'll come for
I, I, have never felt so easy

I will be a gun
and it's you I'll come for /4x
and it's you
and I'm gonna see that you won't go far /4x
