

# Ciara, Anytime (ft. Future)

(Baby I)

Baby I'll go to war for you (in this life)

Baby I'll get the scars to prove (I'll be there anytime)

Anytime that you need

Anytime that you call

Anytime that you fall

I'll be there anytime

Anytime that you hurt

Anytime you're in pain

Baby call my name

I'll be there anytime

Damn, running with romanising now

My heart is beating so fast and

I've been dreaming about this feeling for so long

Every since you came in my life, my stars aligned, you spent the time

It feels so right, I know this can't be wrong

Cry happy, happy tears every night

cause imma spend the rest of my life

just lovin' on you, kissing' on you, leanin' on you,

holding on, touching on you, leanin' on you

(Baby I)

Baby I'll go to war for you (in this life)

Baby I'll get the scars to prove (I'll be there anytime)

Anytime that you need

Anytime that you call

Anytime that you fall

I'll be there anytime

Anytime that you hurt

Anytime you're in pain

Baby call my name

I'll be there anytime

I'm your soldier

I'm your soldier

I go to war because I love ya

You my soldier

You my so[u]ldier

I wait for ya cos I love ya

I'm your soldier
