

# Ciara, C.R.U.S.H.

Spoken]

You know, its been a while since I felt like this  
The last time was high school  
But this feeling I think hes so cute  
I want to tell him so bad-but I cant  
C.R.U.S.H.

Yeah I got one really bad  
This is how he makes me feel  
Hes supposed to be in my heart  
Every time I see him, thoughts are getting deeper  
And I knew from the start yeah, from the Hi and Nice to meet ya  
I was blinded by hes features.

Girls said Youre wrong, but I said la, la, la, la, la-la, la, la, la, la  
She said Ci your in love, but I said na, a, a, a, a-na, a, a, a, a

[Chorus]

C is for your confidence-Boy I love the cool in you  
R is for rumors they make-I wish that they were true  
U, you put a smile on my face-Its unforgettable  
S is for your sexiness

H I thought I had it

I gotta crush on you-I love me some you

A big crush on you-I love me some you

A big crush

He knows the right ways to say hey

I cant help you pay attention to everything he says

He says he has fun with me

Its been a while since he could do this, tell me what does it mean?

My girls say youre gone-but I said la, la, la, la, la-la, la, la, la, la

They say Ci your in love-but I say na, a, a, a, a-na, a, a, a, a

[Chorus]

C is for your confidence-Boy I love the cool in you  
R is for rumors they make-I wish that they were true  
U, you put a smile on my face-Its unforgettable  
S is for your sexiness

H I thought I had it

I gotta crush on you-I love me some you

A big crush on you-I love me some you

A big crush

I cant control how Im feeling inside-Im off the meter

Hes always on my mind-been a while since I felt this way-ay-ay

I dont know what to say-ay-ay, when I see him

I get the chills when I look in his eyes-hes so beautiful

Hes everything and more-when I see him every day

Hoping he feels the same, am, am-hes a keeper

[Chorus]

C is for your confidence-Boy I love the cool in you  
R is for rumors they make-I wish that they were true  
U, you put a smile on my face-Its unforgettable  
S is for your sexiness

H I thought I had it

I gotta crush on you-I love me some you

A big crush on you-I love me some you

Ah, ah, ah, ah, ah, ah, ah, ah

Ah, ah, ah, ah, ah, ah, ah, ah
