

# Ciara, My Love

[adlibs]

Ohhhhh oh oh oh oh oh oh  
Oh ooh oh oh huh huh  
Oh ooh oh oh huh huh  
Ohhhhh oh oh oh oh oh oh  
Oh ooh oh oh huh huh  
Oh ooh oh oh huh huh

[verse I]

I ride like a soldier  
Put nothing before ya  
Anything you ask  
I'll be right there to do it  
But if I react you tell me to relax  
Don't need to take it back  
Cause boy you put me through it

[pre hook]

This circular motion is all we do  
I'm so sick of going back and forth with you  
You should have been happy to have me  
You said you wanted to have some kids build a family  
(Now I)  
Wish it wasn't true  
It's killing me to do  
What I gotta do  
The problem here is you  
Ain't nobody new not even my crew  
Could take the place of you  
The problem here is you

[hook]

Cause if you only knew what I felt for you  
You would have held on tighter  
Fought a little harder  
Been a little smarter and now you're gonna miss my love  
And one day soon you'll see  
You'll reach out for me  
Boy you had a keeper  
Didn't know how to treat her  
Should have felt a little deeper and now you're gonna miss my love

[verse II]

Kick it with ya friends (go)  
Go out with other chicks (go)  
Be all up in the mix (go)  
You got the right to do it  
You wanna be a pimp  
Be treated like a prince  
Go 'head and click the switch  
Cause now you got ya crown back

[pre hook]

This circular motion is all we do  
I'm so sick of going back and forth with you  
You should have been happy to have me  
You said you wanted to have some kids build a family  
(now I)

Boy you had a keeper

Should have felt a little deeper and now you're gonna miss my love

[breakdown]

My hugs (and)  
My kisses  
You know you're gonna miss it  
And while you're tripping on the love we could have had  
I'm moving on  
I got to (and)  
Ain't no looking back

[hook]

Cause if you only knew what I felt for you  
You would have held on tighter  
Fought a little harder  
Been a little smarter and now you're gonna miss my love  
And one day soon you'll see  
You'll reach out for me  
Boy you had a keeper  
Didn't know how to treat her  
Should have felt a little deeper and now you're gonna miss my love  
Boy you had a keeper, didn't know how to treat her  
Should have felt a little deeper and now you're gonna miss my love

Ohhhhh oh oh oh oh oh oh  
Oh ooh oh oh huh huh  
Oh ooh oh oh huh huh  
Ohhhhh oh oh oh oh oh oh  
Oh ooh oh oh huh huh  
Oh ooh oh oh huh huh

See boy  
You had a keeper  
But you didn't know  
How to treat her
