I like your thug style

Hey you its me turn the music down  
So you can hear my invitation  
La la la.. la la-la la-la la la la  
Now what I want u to do is come through the crib right now  
Without hesitation  
La la la.. la la-la la-la la la la

So dont ask me what I want  
Cuz I want u to hurry up  
And get over here to see me  
Act just like u need me  
Hurry hurry hurry  
Got ten minutes

[Bridge:]  
Tick tock  
Where u at  
Looking at my clock its about that time  
Knock knock  
There u is  
Ive been waiting on u for a long long time  
Baby dont stop stop  
I dont mind if u make me hot hot  
Cuz imma keep your love on lock lock  
Lock ooh ooh yeah

[Chorus:]  
U changed the game  
I like your thug style  
When im around u  
U always make me smile  
Make me so excited
