

Claw Boys Claw, I Am Sea

Ain't it peculiar to leave your love at sea
The tide is low so you choose to blow
yourself away from me
Strange how time will heal
the wounds and so much more
The beauty of your naked soul
is dying on the shore

And I am - and I am wasting waves
cause I am sea
And I am - and I am wasting waves
cause I am sea

Dream your dream without me
and I roll on - like the sea
and I roll on - like the sea

Ain't it familiar to cry your eyes all red
I am not here - I did not die
I'll keep on coming back

Cause I am - cause I am wasting waves
cause I am sea
Cause I am - cause I am wasting waves
cause I am sea
