

# Clean Bandit, Come Over (feat. Stylo G)

Never said any of this was gonna be simple  
Sometimes all it takes is just a simple oh-oh-oh  
Because the place you want to reach is right in front of you  
You're getting stronger  
So just keep on that bit longer  
Rap-pa-pum

Girl come over  
Me want you closer  
I'm tired of the rainy days

You bring me  
Sun, sun, sun, sun-shine  
You bring me  
Sun, sun, sun, sun-shine

So before the nights over  
I want you to know that  
I'm willing to change my ways

You bring me  
Sun, sun, sun, sun-shine  
You bring me  
Sun, sun, sun, sun-shine

Come over, come over  
Come over, c-come over  
/2x

I guess you're gonna run out luck love, sooner or later  
You better make time to sit down and put pen to paper oh-oh-oh  
Because the things you want to do will slip away from you  
It won't be long now  
So just keep on being strong now  
Rap-pa-pum

Girl come over  
Me want you closer  
I'm tired of the rainy days

You bring me  
Sun, sun, sun, sun-shine  
You bring me  
Sun, sun, sun, sun-shine

So before the nights over  
I want you to know that  
I'm willing to change my ways

You bring me  
Sun, sun, sun, sun-shine  
You bring me  
Sun, sun, sun, sun-shine

On regular she blow my mind  
Your turn, my darling, I can't live without you  
Without you (No, no, no)  
Girl you got me weak at my knees  
7 days of the week I can't stop think about you  
about you

Come over, come over  
Come over, c-come over  
Sun, sun, sun, sun-shine

Sun, sun, sun, sun-shine

Look at my style  
Me hear them saying: "I'm sorry girl"  
And both times no one feels to stay the night over  
Nineteen days pass since I last see the girl  
Be at the bedroom over, got no fight over

Regular she cuss me  
Tell her friends, then mos, how she no trusts me  
Well if I saw you down from here, let me pay  
Since the last three months, you know you want me

Me won't pick up me phone, no dial-dial-oo  
Don't put pressure on me, I'll ask you  
Here baby let me love you, you know I wan't some  
No me wish you know about my, my manual

Won't pick up the phone, no dial-dial-oo  
Don't put pressure on me, I'll ask you  
Here baby let me love you, you know I wan't some  
No me wish you know about my, my manual  
Ra-pa-pum

Girl come over  
Me want you closer  
I'm tired of the rainy days

You bring me  
Sun, sun, sun, sun-shine  
You bring me  
Sun, sun, sun, sun-shine
