

Cleavage, Bored And Gorgeous

I never wanted anybody who couldn't believe
In me and you and all the things that I can foresee
Your in and out and in between but never with me
I'll taste you, make you, break, hate you, it's all over me
I am bored, I am bored
I wanted nothing more than making echoes with you
Electric mother makes me feel I'm headed for you
Always feeling that I'm dreaming wonder if you
could take me somewhere out there we'll go trippin for two
But I wish that I...could live another way
But I wish that I...could kill another day
I'm bored
I never wanted anybody who couldn't believe
In me and you and all the things that I can foresee
Your in and out and in between but never with me
I'll taste you, make you, break, hate you, it's all over me
But I wish that I...could live another way
But I wish that I...could kill another day
But I wish that I...could really find a way
But I wish that I...could kill another, kill another day
I'm dizzy when the piper plays his song
I don't know whether he is right or wrong
Catch a ride on my kiss sometime
Tell me how it was from a friend of mine (repeat)
I'm so bored, I'm so gorgeous (repeat)
