

# Cleopatra, Thinking About You

Ooo-ooo-ooooo, thinking about you,  
yea-eee-yea-eee-yeah.  
Hey I've seen you many times  
and I really wanna try just to make you think about me but I (can't).  
To my friends I've told a lie,  
now I really wanna cry 'cos I'm living without you in my life.  
Now I'm (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
We are (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
Ooo-ooo-ooooo, thinking about you,  
yea-eee-yea-eee-yeah.  
Oh I feel I haven't a friend in the world.  
Maybe if I was your girl.  
I'd be happier while I'm by your side (isn't it snide).  
I guess it may take quite a while.  
Why not look at me and smile.  
There must be a chance for you to be mine.  
Now I'm (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
We are (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
Ooo-ooo-ooooo, thinking about you,  
yea-eee-yea-eee-yeah.  
(I'm going round and round)  
(but I don't feel dizzy).  
Cos I (I) oh I (oh I).  
I'm crazy (crazy) crazy over you (crazy). I am....  
Now I'm (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
We are (thinking 'bout the day that we share),  
let the (moments pass us by and nothing can compare).  
(Thinking of, thinking of, about you)  
(Thinking of, thinking of, about you)  
(Thinking of, thinking of, about you)  
(Thinking of, thinking of, about you)  
(Thinking of, thinking of, about you)
