

Clödie, Against The World

They will chain us,
Humiliate us,
Change our fortunes,
Darkness awaits all.

Fearless army,
Growing numbers,
They have their answers,
But we won't take it.

It's time to arise,
Do or die
Don't let them drag you down,
Against every storm,
We fight on,
It's us against the world

By the thousands,
They are marching,
As hell approaches,
We will remain strong.

Time is coming,
For their downfall,
We are the people,
Who will not crumble.

It's time to arise,
Do or die,
Don't let them drag you down,
Against every storm,
We fight on,
It's us against the world.

It's time to arise,
Do or die,
Don't let them drag you down,
Against every storm,
We fight on,
It's us against the world.
