

Close To Home, 72 Hours 'Til Friday

Tonight under the moonlight
Your smile will shine brighter than the stars
I'll wait for you on top of my roof
And I'll get lost in your eyes again

The summer air catches your hair
You caught my heart...[??]
And I will fall for you tonight
The world seems so small
When you're by my side
When you're by my side

I wonder if you know
If you could just let go
I'll won't let you down
I'll be there forever
And if you fall
Then we'll fall together
And I will fall for you
Tonight
The world seems so small when you're by my side
And I will fall for you tonight
The world seems so small when you're by my side

And I will fall for you tonight
The world seems so small when you're by my side
By my side
