## Close To Home, Chuggin Is For Choo Choo's

Oh can you see the sights, Is this all a dream, Or is this violence part of the fakest scenes, You are so numb, Another fake, such a replication, A bitter taste, for the latest fashion

There's something wrong here, Take a look around and see, There's something wrong here, Is this really happening,

You look so ignorant, Boy what you trying to prove, Your not original, Come on now bust a move, Look at him go

I'll show you what it means to love

## [Chorus]

They'll never see this coming, They'll never know, They'll never see this coming, Hold tight and never let go Let go

## [Chorus]

They'll never see this coming, They'll never know
