

# Cloud Nothings, I'm Not Part of Me

It starts right now, there's a way I was before  
But I can't recall how I was those days anymore  
I'm learning how to be here and nowhere else  
To focus on what I can do myself

I'm not telling you all I'm going through  
I feel fine

Leave it all to memory of  
What we did when were young and  
Now you could just leave me on my own  
Oh, moving towards a new idea  
You're not what I really needed  
Now you could just leave me on my own

But I'm not, I'm not you  
You're a part of me, you're a part of me

It's over now, there's a way I was before  
But I can't recall how I was those days anymore  
I'm learning how to be here and nowhere else  
How to focus on what I can do myself

I'm not telling you all I'm going through  
I feel fine

Leave it all to memory of  
What we did when were young and  
Now you could just leave me on my own  
Oh, moving toward a new idea  
You're not what I really needed  
You could just leave me on my own

But I'm not, I'm not you  
You're a part of me, you're a part of me
