

Cnx Anti-Social, Wind Mills

In case you can't see
more away from your nose
you didn't hear a flower laugh

If you can't talk
without listen your voice
using the heart

Friend sancho listen to me
you don't have any reason
a way is made by the feet

There is a world to be discovered
and a life to start
behid the last script

Sometimes I feel when I weak up
that the dream is the true

(CHORUS)

Drink, dance, dream
feel like the wind
was made for you,
Live, listen and talk
using to them
the heart

Feel the rain
kissing your face
when you make love
yell with the soul
yell so harder
that in your life, you be
my friend, the only actor.

(Verse 2)

In case your opinion
fits in yes or no
and you don't know how rectify

If you can define
the hate or the love
friend what the fuck!

no everything is white or black: it is gray
everything depends from the shade
search and learn to distinguish

The moon can warm up
and the sun your nights bright
the threes dies on feet

I have seen a spring cry
when seeing its waters to go to the sea

(CHORUS)

Drink, dance, dream
feel like the wind
was made for you,
Live, listen and talk
using to them
the heart

Feel the rain

kissing your face
when you make love
yell with the soul
yell so harder
that in your life, you be
my friend, the only actor.

Sometimes I feel when I weak up
that the dream is the true

(CHORUS)

Drink, dance, dream
feel like the wind
was made for you,
Live, listen and talk
using to them
the heart

Feel the rain
kissing your face
when you make love
yell with the soul
yell so harder
that in your life, you be
my friend, the only actor.

Sometimes I feel when I weak up
that the dream is the true

Drink, dance, dream
feel like the wind
was made for you,
Live, listen and talk
using to them
the heart

Feel the rain
kissing your face
when you make love
yell with the soul
yell so harder

Drink, live, feel
and yell with your soul yell so hard
that in your life, you be the only actor.
