

Cochise, 7 days

Stay with me when the season goes away.
We must find some better place to share.
Hold me tight the colors fade.
Share with me 'cause no one else can see.

Love don't chase me 'cause
I think of you everyday.
Love release me in the morning.

Stay with me on the other side of the Road.
Long gone day so better than you thought.
Hold me tight memories fade.
Share with me 'cause no one else can see.

Love don't chase me 'cause
I think of you everyday.
Love release me in the morning. /x2
