

# CoCo Lee, All Around The World

I wish I had much more time to show I love you baby  
But things have been so hectic ever since I'm in this game  
I'm thinking of you even though you are so far away  
Sometimes I really wish I could stay  
But nothing comes for free, I got everybody's eyes on me  
And this is where I have to be, I wish that you could be here baby  
All around the world, Even though I'm always on the road  
Even no matter where I go, Forever I'll be your girl  
All around the world, Hear me on the radio  
Catch me on a TV show, Forever I'll be your girl  
I know it hurts just so badly when I go away,  
And there are things you wanna tell me but no time to say  
But there's a promise in the end it's gonna be okay,  
The love I have for you will never fade  
But nothing comes for free, I got everybody's eyes on me

And this is where I have to be, I wish that you could be here baby  
All around the world, Even though I'm always on the road  
Even no matter where I go, Forever I'll be your girl  
All around the world, Hear me on the radio  
Catch me on a TV show, Forever I'll be your girl  
Even though I'm all around the world, I'll always be your girl  
Don't you know I'll always be your girl, Don't you know I'll always be your girl  
All around the world, even though I'm always on the road  
Even no matter where I go, Forever I'll be your girl  
All around the world, Hear me on the radio  
Catch me on a TV show, Forever I'll be your girl  
All around the world...  
All around the world...  
All around the world...
