Code Red, Hold Me

(lew/graham/cohen)

Phil:
Some people say you gotta be strong
If you ever feel down
Then you just gotta carry on
On you I depend
You're my inner strength
I never felt so in love
Said I never felt so in love

Chorus:
Hold me
Console me
When I'm lonely
You're all I need
Love me for a lifetime
You're my lifeline
You're all I need

Roger:
Some people think if you open your heart
You set yourself up to be worn and then torn apart

My heart's on my sleeve for the whole world to see
I never felt so in love
Said I never felt so in love

Chorus:
Hold me
Console me
When I'm lonely
You're all I need
Love me for a lifetime
You're my lifeline

Lee and phil:
I need you so won't you hold me girl
You're my light in the dark late at night
And I can't get no sleep if you're not here with me
And there's one thing I want you to know
You're the fire in my heart
And as long as you're here I'll always be there
So won't you...

Repeat chorus
