

Cody Simpson, Golden Things

No, ohh woah

Crystal dream
Cali queen
waiting then ...

i am shocked
It's the golden thing she's got

A thousand thrills
A thousand chills
Smokey eyes
Pearly white

I am high
It's the golden thing she's got

I sing softly to her
In the last daylight
and the chorus birds
in the heights of nights
and if we could be heard
for whatebver it's worth
the rules in the sky
they's cry

diamond throne
all on her won
coffee skin
she let me in

i am shocked
It's the golden thing she's got
It's the golden thing and i

She's got a Golden Thing
and I shot it the worst
in the first daylight
and the chorus birds
burst on into the side
no one know that I am hurt
forever it's worth
by the rulers in the sky

deep blue jeans
movie screens
talkin' lights

i am shocked
It's the golden thing we've got
