## Cody Simpson, Paradise

When I look at you It?s like a getaway I could feel the sun It?s shinin? on my face If I?m dreaming here Don?t let me wake

?Cause I?m in paradise

Every time we kiss It?s like a crashing wave I could feel the rush What sweet escape I?m divin? in To your embrace

?Cause I?m in paradise

When I lie with you It?s like we?re innocent Staring at the blue sky, baby (baby) I don?t want this time To ever end

?Cause I?m in paradise

Baby, let me tell you something
You ain?t up on really something
I just wanna ask you
Can you feel it?
As long as the sun is shinin?
I know you?re the light behind me
Brighter and brighter baby

(Come on)

When I see your smile It?s like a summer breeze Blowin? me away From reality If I?m dreaming here Just let me be

?Cause I?m in paradise

In paradise yea yea In paradise

You should let me be You should let me be Paradise
