

# Cody Simpson, Summertime of Our Lives

Everyday at twilight  
When the sun turns red in the sky  
I think of you on that shoreline  
Brushing the hair from your eyes  
We were drawing our names in the wet sand  
And running away as the tide rode in

Wherever you are, no matter how far  
I promise that I won't give up on you  
They say out of sight means out of mind  
But they couldn't be further from the truth  
Cause I'm in love with you  
I'm still in love with you

Even if there is an ocean  
Keeping your heart from mine  
That doesn't mean I'm not thinking  
About you all the time  
I'm counting the days till I see you,  
And somewhere I know that you are too

Wherever you are, no matter how far  
I promise that I won't give up on you  
They say out of sight means out of mind  
But they couldn't be further from the truth  
Cause I'm in love with you  
I'm still in love with you  
Oh oh oh

We had the summertime of our lives  
Nothing has ever felt so right  
The summertime of our lives  
Even though, we had to say goodbye  
I know when the water gets warm  
You'll come back to me

Cause wherever you are, no matter how far  
I promise that I won't give up on you  
They say out sight means out of mind  
They couldn't be further from the truth

Wherever you are, no matter how far  
I promise that I won't give up on you  
They say out of sight means out of mind  
They couldn't be further from the truth  
I'm in love with you  
I'm still in love with you  
I'm still in love with you
