

Colbie Caillat, Dreams Collide

I am stuck here in a moment
And I'm trying to pretend
So I'll play this feeling over and over again.

I know all this memory
Maybe I should awake instead
But I'm on my way to go back inside my head.

I close my eyes
And try to hide
But I wake when these dreams collide.

So I'll put this all on repeat
And I'll make up what comes next.
Now I lay here, daydreaming on your chest.

Well I'm stalling to open my eyes
Cause I know it's time for me to leave this bed
But I've decided to fall back
Inside my head.

I close my eyes
And try to hide
But I wake when these dreams collide.

But it all breaks down if I
Keep on wasting all my time.
All alone, in my head
Wish I'd never thought about it in the end.

I close my eyes
And try to hide
But I wake when these dreams collide
