Colbie Caillat, Out Of My Mind

Call me on the phone today
Said those words u always say
And I cry
Gotta figure out what's going on inside this head of mine
I'll try
Going crazy thinking 'bout the way I shouldn't have left it all by
Now I'm gone and something's wrong I changed my mind
I'm so in love with you, I don't know what to do, this time
Although you're out of sight, you're never ever out of my mind.
Saw you just the other day, feelings never went away
I smile
Told you I'll be back and I want us to be friends and be alright.
Don't know what to say, it's been harder everyday but it takes time
You should know, I'm coming home, stand by...
I'm so in love with you, I don't know what to do, this time
Although you're out of sight, you're never ever out of my mind
As time passes by, I fall asleep without you by my side
Ooh out of my mind, remembering the way we were...
I'm so in love with you, I don't know what to do, this time
Although you're out of sight, you're never ever out of my mind
