Colbie Caillat, Worth It

There were more good days than bad
More smiles than tears
We were more happy than sad
When we were us we were fierce
Somewhere along the way
Lovers drifted apart
And even though I didn't stay
You have a place in my heart
I know it wasn't perfect
But lovin you was worth it
There's still sweetness in the memories
Even after all the hurting
Even after all the long nights
Not quite
Knowin if it felt right
I wouldn't change a thing
I know it wasn't perfect
But lovin you was worth it
You'll always be someone I miss
And never will regret
Every touch and every kiss
Were the kind you don't forget
I can't put my finger on
The reason it didn't work
We didn't do anything wrong
The fire just wouldn't burn
I know it wasn't perfect
But lovin you was worth it
There's still sweetness in the memories
Even after all the hurting
Even after all the long nights
Not quite
Knowin if it felt right
I wouldn't change a thing
I know it wasn't perfect
But lovin you was worth it
Lovin you was easy
Lovin you was nice
But lovin you was one side of a life
Leavin was a heartbreak
Closing of a door
Can't blame us for wanting something more
It wasn't just me I did it for
I know it wasn't perfect
But lovin you was worth it
There's still sweetness in the memories
Even after all the hurting
Even after all the long nights
Not quite
Knowin if it felt right
I wouldn't change a thing
I know it wasn't perfect
But lovin you was worth it
Oooo
I know it wasn't perfect, perfect, no
Oooo
I know it wasn't perfect
But lovin you was worth it
