

# Coldplay, Animals

Animals we are  
Disposable, collapsible, and raw  
I suppose it's just this thing I'm in  
Animals that climb  
Are climbing over you until you see  
Off you go, off you go  
Animal I am  
Disposable, collapsible and more  
I don't know which way I should turn  
An animal that runs  
I ran away from you and now I'm in  
So off you go, off you go  
If you're gonna go, go now  
If you're gonna go, go now  
I forgot to tell you how  
But if you're gonna go, go now  
Animal I am  
I'm looking for a future just like you  
But I don't know which way to turn  
Animals that climb  
I'll climb all over you until you see  
And I missed my chance by a stone's throw  
If you're gonna go, go now  
If you're gonna go, go now  
I forgot to tell you how  
But if you're gonna go, go now
