

Coldplay, Houston #1

I'm dreaming of
when I get back to Houston
I'm dreaming
of that feral special place
I'm dreaming of
Houston have no problem
in that city where they sent you into space

I'm dreaming of
when I get back to Texas
... go to Stone
is the harmony that harms .. Houston
oh Houston
you got to keep on keeping on!~

Form Miami
We are sending love to Houston
We are praying that you make through the rain
I know nothing break will of Huston
Oh, how we can wait to go there again

I'm dreaming of
when I get back to Texas
... go to Stone
is the harmony that harms .. Houston
oh Houston
you got to keep on keeping on!~
