## Coldplay, Houston #1

I'm dreaming of
when I get back to Houston
I'm dreaming
of that feral special place
I'm dreaming of
Houston have no problem
in that city where they sent you into space

I'm dreaming of when I get back to Texas ... go to Stone is the harmony that harms .. Houston oh Houston you got to keep on keeping on!~

Form Miami
We are sending love to Houston
We are praying that you make through the rain
I know nothing break will of Huston
Oh, how we can wait to go there again

I'm dreaming of when I get back to Texas ... go to Stone is the harmony that harms .. Houston oh Houston you got to keep on keeping on!~
