

# Coldplay, Human Heart

Boys boys don't cry  
Boys keep it all inside  
I try to hide it underneath  
Still my heart starts to beat

My hman heart  
Only got a human heart  
I wish it didn't run away  
I wisj it didn't fall apart

Only human heart  
Night and day  
Light and dark  
Any day could be torn in half  
Only got a human heart

Girls, can make believe  
Gurls wear it on their sleeve  
Thought i could pretend for trying sake  
Still, my heart hed to break

My hman heart  
Only got a human heart  
I wish it didn't run away  
I wisj it didn't fall apart

Only human heart  
Night and day  
Light and dark  
Any day could be torn in half  
Only got a human heart
