

Coldplay, Humankind

Today I heard the strangest
I heard the strangest song
A DJ a star away is
Playing it to turn us on
(Ay)
My heart started glowing
I feel it inside, it's flowing
I say I know, I know, I know
We're only human
I know, I know, I know
How we're designed, yeah
Oh I know, I know, I know
We're only human
But from another planet
Still they call us humankind
Today I had the strangest
Feeling that I belong (belong)
(Ay)
Before, I was dying
I feel it inside, now I'm flying
I say I know, I know, I know
We're only human
I know, I know, I know
How we're designed, yeah
Oh I know, I know, I know
We're only human
But from another planet
Still they call us humankind
Before, I was dying
I feel it inside, now I'm flying
I know, I know, I know
We're only human
I know, I know, I know
How we're designed
Oh I know, I know, I know
We're only human
But we're capable of kindness
So they call us humankind
