Coldplay, I Ran Away

One, two, three... well
I ran away from you
That's all I ever do
And though I started here
I ran away from you
I'm gonna come on in
And see it through
I ran away from you
That's all I ever do
And when I heard you call to
Come back to me
And though I should stay
I don't have the stomach to
Everyone I know
Says I'm a fool to mess with you
Everyone I know
Says it's a stupid thing to do
I have your love on call
And yet my day is not so full
There might be nothing left to do
So I ran away from you
I'm gonna come on in
My eyes are closed
I can feel it there
The sun's so close
I'm gonna come on out
And burn the sky
A star arose in my own cage
I'm stuck in line
And in a cage
Just a single star
I sing for
Everyone I know
Says I'm a fool to mess with you
Everyone I know
Says it's a stupid thing to do
I have your love on call
And yet my day is not so full
And I did not know what to do
And so I ran away from you
