

Coldplay, Ladder To The Sun

From the very start
it came apart
it broke up into pieces and
there was a chance and i missed it
It could risked it
and I put myself into your hands
Cause you're not just anyone
You're a ladder to the sun
oh you're not just anyone
You're a ladder to the sun
I can run my courses
Opposing forces
and oh man I just...
If you want me then you can have me
take me, oh baby grab me
Cause if you want me then you can have me
Cause you're not just anyone
You're a ladder to the sun
You're not just anyone
You're a ladder to the sun
oh now boy what you mean i've done
you set a course that you couldn't run
oh now boy what you mean i've done
I had it all and I risked it
I had it all and I risked it all
And I risked it all
And I risked it all
A ladder to the
A Ladder to the sun
A ladder to the
A ladder to the sun
A ladder to the
A ladder to the sun
And I risked it all
A ladder to the
A ladder to the sun
