Coldplay, Life Is For Living

Now I never meant, To do you wrong, Thats what I came here to say. But if I was wrong, Then Im sorry, I dont let it stand in our way. As my head just aches, When I think of, The things that I shouldnt have done. But, life is for living, We all know, And I dont wanna live it alone. Sing, Ah, ah, oh, Sing, Ah, ah, oh, And just think, Ah, ah, oh.
