

Coldplay, One I Love

Could you, could you come back?
Come back together
Put yourself on the band
And see us forever
Could you, could you come home?
Come home forever
Surely things in the band
Keep us together
Cos you're the one I love
You're the one I love
You're the one I love
Ahhhh, ahhhh.
Could you, could you come home?
Could you tell me whatever?
Tie yourself to a mast
It's now or it's never
Could it tear us apart?
It'll soon be forever
It's gonna tear us apart
Keep us together
You're the one I love
You're the one I love
Ahhh ahhh
You're the one I love
Yeah yeah you're the one
Oooooooooooooooooo
Oooooooooooooooooo
You're the one I love
You're the one I love
You're the one I love
