

Coldplay, Rainy Day

Then there was rain
The sky wore a veil of gold and green
At night it was the bright of the moon with me
Time is just floating away

Then there was rain
The sound foundations are crumbling
Through the ground comes a bit of a-tumbling
And time was just floating away
What could we say?
And we can listen

Oh rainy day, come 'round
Sometimes i just want it to slow down
And we're separated now, I'm down
But I love it when you come over to the house
I love it when you come over to my house

Then there was rain
I spent the night with the Queen of Spain
My lonely little heart would have broke again
Times were vicious
Saying deeper the knife goes in I know you win
You win what with less than when you begin
Deeper than the knife goes in

Oh rainy day, come 'round
Sometimes I just want it to slow down
And we're separated now, I'm down
But I love it when you come over to the house
I love it when you come over to my house
