Coldplay, Square One

You're in control, is there anywhere you wanna go?
You're in control, is there anything you wanna know?
The future's for discovering
The space in which we're travelling
From the top of the first page
To the end of the last day
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are

Under the surface trying to break through Deciphering the codes in you I need a compass, draw me a map I'm on the top, I can't get back

Whoa whoa

The first line on the first page
To the end of the last page
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are

You just want Somebody listening to what you say Oh, you just want somebody listening to what you say It doesn't matter who you are It doesn't matter who you are

Is there anybody out there who
Is lost and hurt and lonely too
Are they bleeding all your colours into one?
and if you come undone
As if you've been run through
Some catapult it fired you
You wonder if your chance will ever come
Or if you're stuck in square one
