Coldplay, Twisted Logic

Sunlight, opened up my eyes
To see for the first time
You'll open them up
And tonight, rivers will run dry
And not for the first time
Rivers will run

Hundreds of years in the future It could be computers Looking for life on earth

Don't fight for the wrong side Say what you feel like Say how you feel

You'll go backwards, but then You'll go forwards again You'll go backwards, but then You'll go

Created, then drilled and invaded If somebody made it Someone will mess it up

And you are not wrong to Ask who does this belong to It belongs to all of us

You'll go backwards, but then You'll go forwards again You'll go backwards, but then you'll go forwards

You'll go backwards, but then you'll go forwards again You'll go forwards again You'll go forwards
