

# Collage, One And Only

There's a silence to shout  
And the silence to prey  
There's a wind to fly on  
And the wind to withstand  
You can make me feel alive

There's a place you call hell  
And a place you call home  
Only you can decide  
Which one it will become  
You can make me feel alive

And when the time will come  
To silence my breath  
The pillow of your love will do  
My dreams in your eyes  
My will to survive  
I'll put my trust in You

You're one and only  
You're one and only  
You're one and only  
Like Days to come  
You're one and only  
You're one and only  
You're one and only  
Like Days to come

Chilling all of my tears  
Giving air to my breath  
Turning nights into days  
And the days into years  
Always makes me feel alive

When I'm with you I'm strong  
Like a young Peter Pan  
When you're gone I become  
Silent old bitter man  
You can make me feel alive

And when the time will come  
To silence my breath  
The pillow of your love will do  
My dreams in your eyes  
My will to survive  
I'll put my trust in You

Cos' You're one and only  
You're one and only  
You're one and only  
Like Days to come  
Cos' You're one and only  
Yes You're one and only  
You're one and only  
Like Days to come

When you're losing your hope and desire  
When your soul is a funeral pyre  
Stay with your love  
Stay with her love

When you entering realms of despair  
Bittersweet rollercoaster of prayers  
Stay with your love

Stay with her love

All you do all you say it defines you?  
No, cos the truth you can find just unveliling  
Your Eyes and smile  
Stay with your love

When you're loosing your hope and desire  
When your soul is a funeral pyre  
Stay with your love  
Stay with her love

You're one and only  
You're one and only  
You're one and only  
Like Days to come  
You're one and only  
You're one and only  
You're one and only  
Like Days to come
