

Color Me Badd, Let Me Have It All

You have turned into a prayer

I can feel I'm almost there

Closer, closer to the top

Lookin' down is quite a drop

Chorus:

Let me have it all

Hold no grudge from yesterday

It got up and flew away

Want my cake and eat it too

Can't wait to stick my fork in you

Make me feel just like a king

Everything is everything

Chorus

You have turned into a prayer

I can feel I'm almost there

You set up a barrier

Don't ya know I'll marry you

just to be near you is to be

Let me have the rest of me

Closer, closer to the top

Lookin' down is quite a drop

Chorus
