

Conan Gray, Yours

I'm somebody you call
When you're alone
I'm somebody you use
But never own
I'm somebody you touch
But never hold
And you're somebody
I'll never really know

I know I'm not the one
You really love
I guess that's why
I've never given up
Cuz i could give you all you want
The stars and the sun
But still i'm not enough

All i really wanted
Was that look in your eyes
Like you already know
That I'm the love of your life
Like you already know
You're never saying goodbye

But I'm not yours I'm not yours
I'm not yours
I want more
I want more
But I'm not yours
And I can't change your mind
But you're still mine

So tell me that it's time for me to go
Cause you know I can't do it on my own
The only thing that's harder than sleeping alone Is sleeping with your ghost

All i really wanted was that look in your eyes
Like you already know that i'm the love of your life
Like you already know you're never saying goodbye

But I'm not yours I'm not yours
I'm not yours
I want more
I want more
But I'm not yours
And I can't change your mind

I should've known that it was Dumb love
Fifteen dozen roses
All the things that I've done For you not to notice
Can't believe I chose you Over all my best friends What the fuck did i do
In the end
Just to not be yours
