

# Connie Smith, I'll Come Running

If you ever want somebody to love if you ever get to feeling blue  
If you ever want a little company then I'll come running to you  
It's been so long since I held you tight but I still dream about you darling every night  
I don't care who was wrong or who was right I'll come running to you  
Now all my love belongs to you that's just the way that I feel  
And if you'd give me the least little chance I'd show you my love is really real  
Well I'm not a bit ashamed to sit here and wait if that's all what I've got to do  
Yeah I'll be around if your new love turns you down and I'll come running to you
