

# Conor Maynard, Dance With Somebody

Conversations in the dead of the night  
I can feel them slip away  
You said it's over and you're probably right  
But the truth is hard to face

My friends are trying to get me out  
But the pain of the heartbreak is much too loud  
'Cause when the night falls  
I just want your call

Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
With somebody who loves me  
Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
But I still wish that you loved me

People say no matter how bad it gets  
The world will still go 'round  
It's hard to see everyone so unaware  
That mine is burning down

It's like I'm waiting to hear from you  
Just to tell me you're dying without me too  
'Cause when the night falls  
I just want you close  
Hey

Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
With somebody who loves me  
Oh, I wanna dance with somebody  
I wanna feel the heat  
Yeah, I wanna dance with somebody  
But I still wish that you loved me

Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
'Cause I still miss how you loved me

Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
With somebody who loves me  
Oh, I wanna dance with somebody  
I wanna feel the heat with somebody  
Yeah, I wanna dance with somebody  
But I still wish that you loved me
