Coria, Another Human Breakin...

Waking up to dust
I'm breathing in the ash
All I see is blood
Just tell me where is God?
There's no peace, just war
And It will only grow
So let mercy come
Your life is so far

I want that
I want break free
Down the line
You gonna see
(Ooo x2)
You will see
Another human breakin'...

When you fall asleep
Victims are left to bleed
Their hairs that blows side to side
The world is cooling now
I can't hear heartbeat
The human fall asleep
So let mercy come your life is so far

I want that
I want break free
Down the line
You gonna see
(Ooo x2)
You will see
Another human breakin'...
