Do you wanna ride on my death machine?  
F\*\*king die in it if you dare  
Yeah yeah...  
Yeah I kill what I need  
Yeah I kill what I needed  
When I die won't you berry me  
Cause I berried you baby deep in me  
Yea yea...  
Cut it open what's inside  
Then you'll drag me back there  
Wanna know baby said baby

Now I know  
Never know never know  
Cut it open say pretty please  
You drive it the yea I wanna know everything  
I wanna know  
Never know never know  
And when I die won't you berry me  
Cause I berried you baby deep in me  
Yeah when you fall for the garbage man  
You wind up in the garbage
